

Omar Fahmy

Email: omar.fahmy@techventures.eg

Phone: +20 105 678 9012

PROFILE

An innovative IT professional with approximately 14 years of experience in technology roles. Omar has led several digital projects and managed mid-sized teams. While his background is strong in technical implementation and project management, he is just shy of the preferred 15-year experience mark and has limited exposure to high-level stakeholder management.

EXPERIENCE

Senior IT Manager

Red Star Industries, Cairo, Egypt | 2011 – Present

- Implemented digital tools and systems that improved operational processes by 20%.
- Coordinated with vendors to deliver cost-effective IT solutions and ensure system security.
- Supervised a team of 20 IT specialists; played a central role in project planning and execution.

IT Project Lead

TechWave Solutions, Cairo, Egypt | 2008 – 2011

- Led technology upgrade projects and collaborated with business units on system enhancements.

EDUCATION

- **B.Sc. in Information Technology** – Mansoura University, 2008

CERTIFICATIONS

- PMP (in progress)
- ITIL Foundation

Strengths

Project Management | IT Infrastructure | Vendor Coordination | Digital Implementation

Note: Although technically capable, Omar's overall experience is marginally below the 15-year benchmark and his strategic leadership experience is limited compared to the ideal candidate profile.
